## **PROFESSIONAL EXPERIENCE**

2006-  
Present      **Manager of Wildlife Services**  
Legacy Wildlife Services, Gainesville, FL

Responsible for all wildlife management services including management of 250,000-acre hunting lease management program. Other responsibilities include marketing, client development and client relations, development and implementation of management services, and administration of the lease documents, database, and files.

2000-  
2006      **Wildlife Technician**  
Georgia Department of Natural Resources, Fort Valley, GA

Responsible for white-tailed deer and black bear field research programs. Involved with capture and handle of animals for mark recapture and management studies. Handled nuisance wildlife complaints. Assisted with managed hunts. Interacted with landowners and hunters. Participated in habitat improvement work.

1999-  
2000      **Wildlife Biologist Aide**  
Pennsylvania Game Commission, Harrisburg, PA

Worked on Pennsylvania Elk Trap and Transfer Project. Involved with capture and relocation of expanding elk population. Performed radio telemetry monitoring of collared elk. Participated in annual population survey. Dealt with nuisance elk conflicts.

## **EDUCATION**

1999      Bachelor of Science in Wildlife, Summa Cum Laude  
Frostburg State University, Frostburg, Maryland
